

PING G IRONS BY GENERATION

From the 2016 G to the 2025 G440, Ping has changed its G 4- to 9-iron lofts only twice. Here's what changed in each generation, and which irons can fill a gap in your set.

Specs from our iron catalogue, checked between September 24 and 29, 2026. Each set's page names its source.

THE SHORT ANSWER

The G410 and G425 are identical on paper: same loft, lie and length on every club. **The G400 shares their lofts and lengths,** with flatter 4- to 6-iron lies. **The 2016 G is half a degree weaker** than the G400 from the 4-iron to the UW. **The G430 took the lofts stronger** (a 29° 7-iron against 30°), and **the G440 kept the G430's 4- to 9-iron lofts** with longer 4-, 5- and 6-irons and new wedge lofts.

The i530 is a compact players-distance iron, not a G, but it has the G440's lofts on every club it makes.

WHAT CHANGED, GENERATION TO GENERATION

GENERATION	WHAT CHANGED
G (2016) to G400 (2017)	The 4-iron to the UW 0.5° stronger (SW and LW unchanged).

GENERATION	WHAT CHANGED
G400 (2017) to G410 (2019)	Lies changed on the 4-iron (59.2° to 60.5°), 5-iron (60.1° to 61°) and 6-iron (61.1° to 61.5°).
G410 (2019) to G425 (2021)	No change to published loft, lie or length.
G425 (2021) to G430 (2023)	Lofts changed on the 4-iron (20.5° to 19°), 5-iron (23.5° to 22°), 6-iron (26.5° to 25.5°), 7-iron (30° to 29°), 8-iron (34.5° to 33°), 9-iron (39.5° to 37°) and PW (44.5° to 41°); adds the 45° wedge and 50° wedge; drops the UW.
G430 (2023) to G440 (2025)	Lofts changed on the PW (41° to 42°); lengths changed on the 4-iron (38.875 in to 39.25 in), 5-iron (38.25 in to 38.5 in) and 6-iron (37.625 in to 37.75 in); adds the UW, 52° wedge and 56° wedge; drops the 45° wedge, 50° wedge, SW and LW.

WHICH IRONS FIT YOUR SET

"Identical" sets match yours on every club both make, so a single iron from one fills a gap in the other. "Same lofts" sets will fill the gap at the right loft, but check the lie or length difference with a fitter first. Either way, the head looks different from the rest of your bag.

TWO PING DETAILS THAT MATTER

Lie color dots. Ping sets lie by a color dot on the hosel. The lies here are Black dot, Ping's standard. Other colors are flatter or more upright, so match the dot when you buy a single iron. The [Ping color code chart](#) gives each color in degrees.

Power Spec lofts. Ping also sold stronger Power Spec (and weaker Retro Spec) lofts as fitting options. Listings rarely say which, so the lofts here are the standard ones.

WHAT WE HAVEN'T CATALOGUED

Ping's women's irons have their own pages: the [G Le3](#) and [G Le4](#), and the game-improvement [G710](#), [G730](#) and [G740](#). The G Le and G Le2, GMax, G30 and older G irons aren't catalogued yet, and neither are Ping's HL builds. If you have a Ping spec sheet for any of them, [send it to us](#) (hello@usedclubfinder.com).
